PROJECT EXPERIENCE

SuyaLicious - Restaurant Website Project — HTML5, Tailwind CSS, JavaScript (https://suyalicious.netlify.app/)

- Translated design concepts into a responsive and visually appealing website for SuyaLicious, a fictional Nigerian-inspired brand.
- Ensured cross-browser compatibility to deliver consistent user experiences across different web browsers.
- Plan to integrate an online booking system into SuyaLicious to streamline the reservation process and enhance customer convenience.

Smart Quiz App — HTML5, CSS3, JavaScript, RESTful API (https://jimike-quiz.netlify.app/)

- Created a responsive and functional web-based trivia quiz application using HTML, CSS, and JavaScript that has received over 1,000 visits and 500 completed quizzes since its launch in April 2023.
- Incorporated The Trivia API's API to generate randomized multiple-choice questions with a 10-second timer per question.
- Designed an aesthetically appealing user interface using HTML, CSS, and JavaScript, allowing users to select quiz category, difficulty level, and question limit, resulting in a 30% increase in user engagement.

WORK EXPERIENCE

IT Manager, D'Lens Digital Technologies, Ibadan, May 2022 – Present
- Recommended and implemented hardware upgrades and custom software solutions resulting in a 30% increase in overall business efficiency.

EDUCATION
