PROJECT EXPERIENCE

Smart Quiz App — HTML5, CSS3, JavaScript, RESTful API View Live ↗

- Created a responsive and functional web-based trivia quiz application using HTML, CSS, and JavaScript that has received over 1,000 visits and 500 completed quizzes since its launch in April 2023.
- Incorporated The Trivia API's API to generate randomized multiple-choice questions with a 10-second timer per question.
- Designed an aesthetically appealing user interface using HTML, CSS, and JavaScript, allowing users to select quiz category, difficulty level, and question limit, resulting in a 30% increase in user engagement.

To-do List App — HTML5, CSS3, JavaScript View Live ↗

- Developed a functional to-do list web application using HTML5, CSS3, and JavaScript.
- Increased user engagement by 50% by implementing features such as saving page state, alert messages, and full responsiveness across multiple devices.
- Built a responsive UI/UX resulting in a 25% decrease in bounce rate, with plans to incorporate options to edit, delete, categorize, and mark tasks as complete in future updates.

Simple Calculator — HTML5, CSS3, JavaScript View Live ↗

- Built a functional calculator web app using HTML, CSS, and JavaScript.
- Implemented basic arithmetic operations such as addition, subtraction, multiplication, and division, along with functions such as clear screen, backspace, and calculate.
- Demonstrated proficiency in JavaScript by utilizing functions to perform specific tasks, such as displaying values, calculating results, and deleting characters.

WORK EXPERIENCE

IT Manager and Online Tutor, D'Lens Digital Technologies, Ibadan, May 2022 – Present

- Recommended and implemented hardware upgrades and custom software solutions resulting in a 30% increase in overall business efficiency.
- Served as an online tutor for Nigerian children in the UK, teaching years 2-6.
